Wrap Up

MIXED PILOT

Goaltimate emphasizes fast-paced play through multiple quick passes engaging all players on the field. With only four players per team on the field at once and the inclusive style of play, Goaltimate is a perfect model for exploring mixed gender ratios and gender equity on the playing field. This pilot is designed to provide a fun playing experience and give your community an opportunity to share feedback with the USA Goaltimate team that will guide the growth and development of the sport of Goaltimate.

We're excited to have you help us write the future of Goaltimate!

10 PILOT RULES

1. Teams play 4 v 4 with hockey subbing.
2. Stall count of 5 – counted by any player on the field.
3. One point for completed pass that travels through hoop and is caught in the key – two points if thrown from behind clear line.
4. Following a turnover the disc must be cleared prior to attacking the goal.
5. Make it, take it – but you must clear the disc prior to re-attacking the goal.
6. The disc can only travel forward through the hoop. If thrown back through the hoop it is a turnover.
7. Static picks are legal – think basketball.
8. Offensive players may only stay in the key for three seconds.
9. Goaltending is not allowed – defenders must be within 10 feet of an offensive player to be in the key.
10. Games will be played to a set time of 12 minutes.
